Volume 21 General index

ABE, H. *See* CHIBA, T, TAMINATO, T, *et al.*

——. *See* KASHIWAGI, T, KIMURA, K, *et al.*

ABRAMS, G D, ALLO, M, RIFKIN, G D, FEKETY, R, and SILVA, J, JR: Mucosal damage mediated by clostridial toxin in experimental clindamycin-associated colitis, **493**

Abscess, amoebic, in cirrhotic liver, case of, **161**

ACKMAN, K. *See* IVEY, K J, TARNAWSKI, A, *et al.*

ADAMS, N. *See* BOWN, S G, SALMON, P R, *et al.*

Adenocarcinoma of upper small bowel complicating coeliac disease, **1010**

——, perforation of, in small bowel affected by regional enteritis, **1093**

Adenomatosis, intestinal, porcine, epithelial dysplasia and infiltration in, **1035**

ADNET, J J. *See* BOGOMOLETZ, W V, ADNET, J J, *et al.*

ADRIAN, T E. *See* LONG, R G, ALBUQUERQUE, R H, *et al.*

Agglutinins to bacteria in Crohn's disease, **376**

AHARON, M. *See* NAVEH, Y, ROGUIN, N, *et al.*

ALBERTI, K G M M. *See* JENKINS, D J A, BLOOM, S R, *et al.*

ALBUQUERQUE, R H. *See* JENKINS, D J A, BLOOM, S R, *et al.*

——. *See* LONG, R G, ALBUQUERQUE, R H, *et al.*

Alcohol-related liver disease, (+)-cyanidanol-3 treatment of, trial of, **965**

Alcoholic liver disease, Mallory bodies in, immunohistochemical detection by antisera to unique non-prekeratin components, **727**

—— —— —— with and without hepatic encephalopathy, blood methanethiol in, **318**

Aldosterone, plasma level, relationship to response to piretanide in cirrhosis with ascites, **855**

ALEXANDER-WILLIAMS, J. *See* BUCHMANN, P, MOGG, G A G, *et al.*

Alkaline phosphatase, raised, pyridoxal-5′-phosphate hydrolysis in plasma in conditions with, **192**

ALLAN, R N. *See* BUCHMANN, P, MOGG, G A G, *et al.*

——. *See* GYDE, S N, PRIOR, P, *et al.*

——. *See* HIGGENS, C S, and ALLAN, R N

——. *See* KITIS, G, HOLMES, G K T, *et al.*

ALLEN, A, and GARNER, A: Mucus and bicarbonate secretion in the stomach and their possible role in mucosal protection, **249**

Allergic proctitis as clinical and immunopathological entity, **1017**

ALLISON, D J. *See* FAGAN, E A, ALLISON, D J, *et al.*

ALLO, M. *See* ABRAMS, G D, ALLO, M, *et al.*

ALPERT, E. *See* KEMLER, B J, and ALPERT, E

Alpha-1-antitrypsin. *See* α_1-Antitrypsin

ALTON, B G. *See* MCSHANE, A J, O'MORAIN, C, *et al.*

ALVARENGA, C. *See* MOUNTFORD, R A, BROWN, P, *et al.*

Amino acids, dose of, and gastric secretory response, relationship between, **91**

—— ——, urea synthesis after stimulation with, relation to liver function, **990**

5-Aminosalicylic acid, sulphapyridine, and placebo, effects in idiopathic proctitis, determination of active part of sulphasalazine from, **632**

Amoebic abscess in cirrhotic liver, case of, **161**

Anaerobic bacteria, role in metabolic welfare of colonic mucosa, **793**

Anal fistulae in Crohn's disease, occurrence and outcome after primary treatment, **525**

ANDERS, R F. *See* ROBERTS-THOMSON, I C, MITCHELL, G F, *et al.*

ANDERSON, B B, O'BRIEN, H, GRIFFIN, G E, and MOLLIN, D L: Hydrolysis of pyridoxal-5′-phosphate in plasma in conditions with raised alkaline phosphatase, **192**

ANDERSON, T. *See* HOLT, S, MCDICKEN, W N, *et al.*

ANDREWS, P L R, LAWES, I N C, and BOWER, A J: Peripheral functional organisation of vagally evoked gastric motor responses in the ferret, **811**

Anti-actin antibodies haemagglutinating, in acute and chronic liver disease, **311**

Antibodies, smooth muscle, in serum in chronic active hepatitis and primary biliary cirrhosis, different types of, diagnostic and prognostic significance of, **878**

—— to human liver-specific membrane lipoprotein in primary biliary cirrhosis, **557**

Antigen, carcinoembryonic, in serum and pancreatic juice in pancreatic and biliary disease, **656**

——, e. *See* e antigen

——, hepatitis B surface. *See* Hepatitis B surface antigen

Antisera to unique non-prekeratin components in Mallory bodies, role in immunohistochemical detection of Mallory bodies in alcoholic liver disease, **727**

α_1-Antitrypsin and coeliac disease in Spain, **948**

—— levels and phenotypes in Crohn's disease in Netherlands, **840**

Aphthae, recurrent, associated with coeliac disease, **223**

Aprotinin and glucagon, effect on morbidity of acute pancreatitis, trial of, **334**

ARBORGH, B A M. *See* CHAPMAN, R W G, ARBORGH, B A M, *et al.*

ARCHER, L. *See* THOMPSON, D G, WINGATE, D L, *et al.*

ARCHIBALD, R W R. *See* HEATHCOTE, J, KNAUER, C M, *et al.*

Argon laser photocoagulation, histological changes in canine gastric mucosa induced by, **1047**

ARIGBABU, A O. *See* BADEJO, O A, and ARIGBABU, A O

ARONDEL, J. *See* DUVALDESTIN, P, MAHU, J L, *et al.*

ARROYO, V, BOSCH, J, CASAMITJANA, R, CABRERA, J, RIVERA, F, and RODES, J: Use of piretanide, a new loop diuretic, in cirrhosis with ascites: relationship between the diuretic response and the plasma aldosterone level, **855**

ARSECULERATNE, S N, PANABOKKE, R G, and NAVARATNAM, C: Pathogenesis of necrotising enteritis with special reference to intestinal hypersensitivity reactions, **265**

Arterial embolisation, selective, in treatment of haemobilia, **541**

Arthritis and increased Cl_4 binding in primary biliary cirrhosis, **418**

Ascites and cirrhosis, piretanide in, efficacy and relationship of diuretic response to plasma aldosterone level, **855**

ASHBY, B S, and GOODMAN, D A: Effects of χ-radiation on fibreoptic endoscopes, **717**

Aspirin, faecal blood loss induced by, prevention by prostaglandin E_2, **602**

——, gastric damage induced in rats by, correlation with quantitative changes in gastric mucosal glycoproteins, **533**

——. *See also* Salicylates

ATKINSON, M. *See* OGILVIE, A L, FERGUSON, R, *et al.*

AUSLAENDER, L. *See* NAVEH, Y, ROGUIN, N, *et al.*

Autoantibodies against liver-specific membrane lipoprotein in acute and chronic liver diseases, organ-, species-, and disease-specificity studies, **955**

AVIGAD, S. *See* PHILLIPS, A D, AVIGAD, S, *et al.*

AXON, A T R. *See* COBDEN, I, ROTHWELL, J, *et al.*

——. *See* DICKINSON, R J, VARIAN, S A, *et al.*

——. *See* RUDDELL, W S J, DICKINSON, R J, *et al.*

AZAD KHAN, A K, HOWES, D T, PIRIS, J, and TRUELOVE, S C: Optimum dose of sulphasalazine for maintenance treatment in ulcerative colitis, **232**

——, and TRUELOVE, S C: Circulating levels of sulphasalazine and its metabolites and their relation to the clinical efficacy of the drug in ulcerative colitis, **706**

AZUUMI, Y, OHARA, S, ISHIHARA, K, OKABE, H, and HOTTA, K: Correlation of quantitative changes of gastric mucosal glycoproteins with aspirin-induced gastric damage in rats, **533**

Bacteria, agglutinins to, in Crohn's disease, **376**
——, anaerobic, role in metabolic welfare of colonic mucosa, **793**
——, faecal, in cancer of colon, **701**
Bacteriological and endotoxin studies in cases of ulcerative colitis submitted to surgery, **851**
BADEJO, O A, and ARIGBABU, A O: Operative treatment of typhoid perforation with peritoneal irrigation: a comparative study, **141**
BAIN, B. *See* TERRY, S I, GOLDEN, M H N, *et al.*
BAKKER, J H. *See* HEES, P A M VAN, BAKKER, J H, *et al.*
Bangladesh and India, distribution of duodenal ulcer in, relation to possible protective factors in diet, **1068**
BARNES, A J. *See* LONG, R G, ALBUQUERQUE, R H, *et al.*
Barrett's epithelium, cell proliferation in three types of, **26**
BARTHOLD, S W. *See* MATTHEWS, N, MAYBERRY, J F, *et al.*
Basement membrane proteins (collagen type IV, laminin and fibronectin), distribution in normal and fibrotic liver, **63**
BASU, P. *See* TAYLOR, I, BASU, P, *et al.*
BATESON, M C, ROSS, P E, MURISON, J, SAUNDERS, J H B, and BOUCHIER, I A D: Ursodeoxycholic acid therapy and biliary lipids—a dose-response study, **305**
BECKETT, G J, DEWHURST, N, FINLAYSON, N D C, and PERCY-ROBB, I W: Weight loss in primary biliary cirrhosis, **734**
——, DOUGLAS, J G, FINLAYSON, N D C, and PERCY-ROBB, I W: Are serum bile salt concentrations raised in hyperlipidaemia?, **219**
——. *See also* DOUGLAS, J G, BECKETT, G J, *et al.*
BEECHING, M F. *See* PITT, P, DE BRUIJN, K M *et al.*
BEEKEN, W L. *See* EADE, O E, ST ANDRE-UKENA, S, *et al.*
BELL, L. *See* DURIE, P R, BELL, L, *et al.*
BENHAMOU, J P. *See* LEBREC, D, NOUEL, O, *et al.*
BENSON, M J. *See* THOMPSON, D G, WINGATE, D L, *et al.*
BERG, P A. *See* HAMLYN, A N, and BERG, P A
BERGSTRAND, O. *See* HELLERS, G, BERGSTRAND, O, *et al.*
BERK, P D. *See* SUMMERFIELD, J A, SCOTT, J, *et al.*
BERKHOFF, G A. *See* MATTHEWS, N, MAYBERRY, J F, *et al.*
BERMAN, M. *See* SUMMERFIELD, J A, SCOTT, J, *et al.*
BERNIER, J J. *See* POITRAS, P, MODIGLIANI, R, *et al.*
BERNUAU, J. *See* LEBREC, D, NOUEL, O, *et al.*
BERRY, A R. *See* WILSON, M C, BERRY, A R, *et al.*
BERTHELOT, P. *See* DUVALDESTIN, P, MAHU, J L, *et al.*
BERTHOUD, H R. *See* SIEGEL, E G, TRIMBLE, E R, *et al.*
BESSON, J D. *See* LABURTHE, M C, DUPONT, C M, *et al.*
Bicarbonate and mucus secretion in stomach, possible role in mucosal protection, **249**
BIEMOND, I. *See* KLASEN, E C, BIEMOND, I, *et al.*
——. *See* KLASEN, E C, POLANCO, I, *et al.*
BIERBACH, H: Studies on long chain fatty acid: CoA ligase from human small intestine, **689**
Bile acids and cholesterol, ileal excretion and bacterial modification in patients with continent ileostomy, **128**
—— ——, bilirubin kinetics, cholangiography and treatment in 3 cases of benign recurrent intrahepatic cholestasis, **154**
—— ——, faecal concentrations in patients with carcinoma or increased risk of carcinoma in large bowel, **587**
—— —— in portal vein blood in severe inflammatory bowel disease, **428**
—— ——, perfusion of, effect on colonic motor function in irritable colon syndrome, **843**
——, gallbladder, composition of, effect of fasting, **1087**
—— salts, serum concentrations, increase in hyperlipidaemia, **219**
—— ——, transport in Dubin-Johnson syndrome, **890**
Biliary and pancreatic disease, serum and pancreatic juice carcinoembryonic antigen in, **656**
—— cirrhosis, primary, and chronic active hepatitis, different types of serum smooth muscle antibodies in, diagnostic and prognostic significance of, **878**
—— ——, ——, antibodies to human liver-specific membrane lipoprotein in, **557**
—— ——, ——, increased Cl_q binding and arthritis in, **418**
—— ——, ——, weight loss in, **734**
——, gastric, and pancreatic responses to meals in hyperthyroidism, **695**
—— lipids and ursodeoxycholic acid therapy, dose-response study of, **305**
BILLIAN, A. *See* SEWING, K F, BILLIAN, A, *et al.*
Bilirubin glucuronidation, hepatic, defect in, role in initiation of cholesterol gallstones?, **650**
—— kinetics, bile acids, cholangiography and treatment in 3 cases of benign recurrent intrahepatic cholestasis, **154**
BIREMBAUT, P. *See* BOGOMOLETZ, W V, ADNET, J J, *et al.*
Bismuth subcitrate, colloidal, tablets of, and cimetidine in treatment of duodenal ulcer, trial of, **329**
BJERREGAARD, B. *See* MADSBAD, S, BJERREGAARD, B, *et al.*
BLAND, P W. *See* RICHENS, E R, THORP, C M, *et al.*
Bleeding. *See* Haemorrhage
BLENDIS, L M. *See* PITT, P, DE BRUIJN, K M, *et al.*
BLOCH, H M, THORNTON, J R, and HEATON, K W: Effects of fasting on the composition of gallbladder bile, **1087**
Blood flow, mesenteric, and absorption from canine colon, effect of wide variations in portal pressure, **475**
—— loss, faecal, induced by aspirin, prevention by prostaglandin E_2, **602**
—— methanethiol in alcoholic liver disease with and without hepatic encephalopathy, **318**
——, peripheral, and mesenteric lymph nodes, lymphocytes of, in Crohn's disease, **507**
—— D(+) xylose test, 1-hour, neonatal gut function measured by, influence of gestational age and size, **133**
BLOOM, S R. *See* BRYANT, M G, DAWSON, J, *et al.*
——. *See* JENKINS, D J A, BLOOM, S R, *et al.*
——. *See* LONG, R G, ALBUQUERQUE, R H, *et a* .

Editorial—Merger of BSG and BSDE P B COTTON 1
Quantitative ultrastructural analysis of the human parietal cell during acid inhibition and increase of gastric potential difference by glucagon K V IVEY, A TARNAWSKI, D SHERMAN, W J KRAUSE, K ACKMAN, M BURKS, AND J HEWETT 3
Gastric cancer detection in gastric ulcer disease R A MOUNTFORD, P BROWN, P R SALMON, C ALVARENGA, C S NEUMANN AND A E READ 9
Thiocyanate as a marker of saliva in gastric juice? P B BOULOS P F WHITFIELD, M DAVE, R G FABER, AND M HOBSLEY 18
Outlook with conservative treatment of peptic oesophageal stricture R FERGUSON, A L OGLIVIE, AND M ATKINSON 23
Cell proliferation in three types of Barrett's epithelium L J PELLISH, J A HERMOS, AND G L EASTWOOD 26
Intraepithelial lymphocytes in the jejunal mucosa of malnourished rats H V L MAFFEI, M A M RODRIQUES, J L V DE CAMARGO, AND A O CAMPANA 32
Increased mucosal damage during parasite infection in mice fed an elemental diet ANNE FERGUSON, R F A LOGAN, AND T T MACDONALD 37
Microvillous surface area in secondary disaccharidase deficiency A D PHILLIPS, S R A AVIGAD, JOANNA SACKS, S J RICE, N E FRANCE, AND J A WALKER-SMITH 44
Prednisolone absorption in acute colitis P R ELLIOTT, J POWELL-TUCK, P E GILLESPIE, J M LAIDLOW, J E LENNARD-JONES, J ENGLISH, J CHAKRABORTY, AND V MARKS 49
Impaired conversion of prednisone to prednisolone in patients with liver cirrhosis S MADSBAD, B BJERREGAARD, J H HENRIKSEN, E JUHL, AND H KEHLET 52
Dynamic studies on portal haemodynamics by scintiphotosplenoportography: flow patterns of portal circulation T KASHIWAGI, K KIMURA, T SUEMATSU, M SHICHIRI, T KAMADA, AND H ABE 57
Distribution of basement membrane proteins in normal and fibrotic human liver: collagen type IV, laminin and fibronectin E HAHN, G WICK, D PENCEV, AND R TIMPL 63
Hepatitis type Ab, B and non-A non-B in fulminant hepatitis L R MATHIESEN, P SKINOJ, J O NIELSEN, R H PURCELL, DORIS WONG, AND L RANEK 72
Clinical trial: Late results of the Royal Free Hospital prospective controlled trial of prednisolone therapy in hepatitis B surface antigen negative chronic active hepatitis A P KIRK, S JAIN, S POCOCK, H C THOMAS, AND SHIELA SHERLOCK 78
Notes and activities 84
Books 84

No. 2 FEBRUARY 1980

Lower oesophageal sphincter response to pentagastrin in chagasic patients with megaoesophagus and megacolon W PADOVAN, R A GODOY, R O DANTAS, U G MENEGHELLI, R B OLIVEIRA, AND LEA TRONCON 85
Relationship between amino acid dose and gastric secretory response A GOUGH, R RAI, E MARIANO, AND J H LANDOR 91
Effects of [Asu[1,7]]-eel calcitonin on gastric somatostatin and gastrin release T CHIBA, T TAMINATO, S KADOWAKI, Y GOTO, K MORI, Y SEINO, H ABE, K CHIHARA, S MATSUKURA, T FUJITA, AND T KONDO 94
Pathophysiological responses to meals in the Zollinger-Ellison syndrome: 2. Gastric emptying and its effect on duodenal function J-R MALAGELADA 98
Congenital anomaly of pancreas divisum can cause obstructive pain and pancreatitis P B COTTON 105
Experimental acute pancreatitis in the rat—a new model U CHETTY, H M GILMOUR, AND T V TAYLOR 115
Liver disease and the e antigen in HBs Ag carriers with chronic renal failure G P COUGHLIN, A G VAN DETH, A P S DISNEY, J HAY, AND A G WANGEL 118
Plasma clearance of oral and intravenous cholic acid in subjects with and without chronic liver disease I T GILMORE AND R P H THOMPSON 123
Ileal excretion and bacterial modification of bile acids and cholesterol in patients with continent ileostomy R M KAY, Z COHEN. K P SIU, C N PETRUNKA, AND S M STRASBERG 128
Neonatal gut function, measured by the one hour blood D(+) xylose test; influence of gestational age and size D A DUCKER, C A HUGHES, J WARREN, AND A S MCNEISH 133
Relationship of proctitis and rectal capacity in Crohn's disease P BUCHMANN, G A G MOGG, J ALEXANDER-WILLIAMS, R N ALLAN, AND M M R KEIGHLEY 137
Operative treatment of typhoid perforation with peritoneal irrigation: a comparative study O A BADEJO AND A O ARIGBABU 141
Study of ion transport across biopsies of ileostomy *in vitro:* search for evidence of intestinal 'adaptation' after colectomy P C HAWKER, A I MORRIS, J MCKAY, AND L A TURNBERG 146

Contents

Page

Clinical trial: Recurrence of duodenal ulcer pain after treatment with cimetidine for four and eight weeks S J RUNE, J GREIBE, K-M MØLLMAN, J RASK MADSEN, I RAHBEK, L WILLUMSEN, AND H R WULFF 151
Case reports: Benign recurrent intrahepatic cholestasis: studies of bilirubin kinetics, bile acids, and cholangiography J A SUMMERFIELD, J SCOTT, M BERMAN, C GHENT, J R BLOOMER, P D BERK, SHEILA SHERLOCK 154
Amoebic abscess in the cirrhotic liver J M FALAIYE, G C E OKEKE, AND A O FREGENE 161
Collagenous colitis: an unrecognised entity W V BOGOMOLETZ, J J ADNET, P BIREMBAUT, P FEYDY, AND P DUPONT 164
Techniques: Assessment of the rapid pullthrough technique in oesophageal manometry R J R GOODALL, D J HAY, AND J G TEMPLE 169
Notes and activities 174
Books 174

No 3 MARCH 1980

Separation of the gut hormone endocrine-cell storage granules of human jejunum using analytical subcellular fractionation M G BRYANT, J DAWSON, S R BLOOM, AND T J PETERS 177
Comparison of ranitidine and cimetidine in the inhibition of histamine, sham-feeding, and meal-induced gastric secretion in duodenal ulcer patients S J KONTUREK, W OBTULOWICZ, N KWIECIEN, E SITO, E MIKOS, AND J OLEKSY 181
Ranitidine—a new H_2-receptor antagonist E P WOOD NGS, G T DIXON, C HARRISON, P CAREY, AND D A RICHARDS 187
Hydrolysis of pyridoxal-5′-phosphate in plasma in conditions with raised alkaline phosphatase B B ANDERSON, H O'BRIEN, G E GRIFFIN, AND D L MOLLIN 192
Inflammatory bowel disease associated circulating immune complexes B J KEMLER AND E ALPERT 195
A search for persistent virus infection in Crohn's disease R J PHILLPOTTS, J HERMON-TAYLOR, N M TEICH, AND B N BROOKE 202
Passage of molecules through the wall of the gastrointestinal tract T SUNDQVIST, K-E MAGNUSSON, R SJÖDAHL, I STJÉRNSTRÖM, AND C TAGESSON 208
Rectally administered prednisolone—possible evidence for a predominantly local action D A H LEE, M TAYLOR, V H T JAMES, AND G WALKER 215
Are serum bile salt concentrations raised in hyperlipidaemia? G J BECKETT, J G DOUGLAS, N D C FINLAYSON, AND I W PERCY-ROBB 219
Coeliac disease associated with recurrent aphthae M M FERGUSON, D WRAY, H A CARMICHAEL, R I RUSSELL, AND F D LEE 223
Pancreatic hypofunction in extrahepatic portal venous obstruction LINDSAY WEBB, G SMITH-LAING, G LAKE-BAKAAR, S MCKAVANAGH, AND SHEILA SHERLOCK 227
Clinical trials: Optimum dose of sulphasalazine for maintenance treatment in ulcerative colitis A K AZAD KHAN, D T HOWES, J PIRIS, AND S C TRUELOVE 232
Three-year trial of endoscopic cytology of the stomach and duodenum JENNIFER A YOUNG AND HELENA E HUGHES 241
Case report: Pyoderma gangrenosum and ulcerative colitis J R THORNTON, R H TEAGUE, T S LOW-BEER, AND A E READ 247
Progress report: Mucus and bicarbonate secretion in the stomach and their possible role in mucosal protection A ALLEN AND A GARNER 249
Notes and activities 263
Books 263

No. 4 APRIL 1980

Page

Pathogenesis of necrotising enteritis with special reference to intestinal hypersensitivity reactions S N ARSECULERATNE, R G PANABOKKE, AND C NAVARATNAM 265
An index of inflammatory activity in patients with Crohn's disease P A M VAN HEES, P H VAN ELTEREN, H J J VAN LIER, AND J H M VAN TONGEREN 279
Comparative absorption of vitamin D_3 and 25-hydroxyvitamin D_3 in intestinal disease M DAVIES, E B MAWER, AND E L KRAWITT 287
Small intestinal structure and passive permeability in systemic-sclerosis I COBDEN, J ROTHWELL, A T R AXON, M F DIXON, D J LINTOTT, AND N R ROWELL 293
Effect of a combination of gastrin, secretin, cholecystokinin, glucagon, and gastric inhibitory polypeptide on jejunal absorption in man P POITRAS, R MODIGLIANI, AND J-J BERNIER 299
Ursodeoxycholic acid therapy and biliary lipids—a dose-response study M C BATESON, P E ROSS, J MURISON, J H B SAUNDERS, AND I A D BOUCHIER 305
Haemagglutinating anti-actin antibodies in acute and chronic liver disease A N HAMLYN AND P A BERG 311
Blood methanethiol in alcoholic liver disease with and without hepatic encephalopathy C J MCCLAIN, L ZIEVE, W M DOIZAKI, S GILBERSTADT, AND G R ONSTAD 318

Contents

	Page
Comparison of maximal acid output and gastrin response to meals in Chinese and Scottish normal and duodenal ulcer subjects S K LAM, M HASAN, W SIRCUS, J WONG, G B ONG, AND R J PRESCOTT	324
Clinical trials: Randomised open controlled trial of colloidal bismuth subcitrate tablets and cimetidine in the treatment of duodenal ulcer G VANTRAPPEN, P RUTGEERTS, L BROECKAERT, AND J JANSSENS	329
Morbidity of acute pancreatitis: the effect of aprotinin and glucagon MEDICAL RESEARCH COUNCIL MULTICENTRE TRIAL	334
Epidemiology: Fall in the incidence of Crohn's disease J KYLE AND G STARK	340
Case reports: Indian childhood cirrhosis in the United Kingdom H J KLASS, J K KELLY, AND T W WARNES	344
Notes and activities	351
Books	351

No. 5 MAY 1980

Inflammatory bowel disease: study of cell mediated cytotoxicity for isolated human colonic epithelial cells B J KEMLER AND E ALPERT	353
Immunoelectrophoretic studies on human intestinal brush border proteins—amount of lactase protein in adult-type hypolactasia H SKOVBJERG, E GUDMAND-HØYER, AND H J FENGER	360
Enhancement by cholera toxin of IgA secretion from intestinal crypt epithelium S R HAMILTON, D F KEREN, J K BOITNOTT, S M ROBERTSON, AND J H YARDLEY	365
New therapeutic approach to corrosive burns of the upper gastrointestinal tract J DI COSTANZO, M NOIRCLERC, J JOUGLARD, J M ESCOFFIER, N CANO, J MARTIN, AND A GAUTHIER	370
Agglutinins to bacteria in Crohn's disease N MATTHEWS, J F MAYBERRY, J RHODES, L NEALE, J MUNRO, F WENSINCK, G H K LAWSON, A C ROWLAND, G A BERKHOFF, AND S W BARTHOLD	376
Malignant histiocytosis of the intestine: the early histological lesion P ISAACSON	381
Zinc absorption in Crohn's disease G C STURNIOLO, M M MOLOKHIA, R SHIELDS, AND L A TURNBERG	387
Abnormal gastrocolonic response in patients with ulcerative colitis W J SNAPE, JR, S A MATARAZZO, AND S COHEN	392
Genetic studies in human and murine giardiasis I C ROBERTS-THOMSON, G F MITCHELL, R F ANDERS, B D TAIT, P KERLIN, A KERR-GRANT, AND P CAVANAGH	397
Measurement of trypsin in duodenal juice by radioimmunoassay G LAKE-BAKAAR, S MCKAVANAGH, C E RUBIO, O EPSTEIN, AND J A SUMMERFIELD	402
Inhibition of gastric acid secretion in the dog by the H_2-receptor antagonists, ranitidine, cimetidine, and metiamide M J DALY, J M HUMPHRAY, AND R STABLES	408
Functional changes in acid secretion produced by duodenogastric reflux W E G THOMAS	413
Increased Cl_q binding and arthritis in primary biliary cirrhosis J P CROWE, M G MOLLOY, I WELLS, B R THOMPSON, E J HOLBOROW, E HAMILTON, AND ROGER WILLIAMS	418
Evidence for liver cell proliferation during fatal acute liver failure M MILANDRI, J GAUB, AND L RANEK	423
Portal vein bile acids in patients with severe inflammatory bowel disease R T HOLZBACH, M E MARSH, M R FREEDMAN, V W FAZIO, I C LAVERY, AND D A JAGELMAN	428
Case report: Adult Beye's syndrome after dengue S I TERRY, M H N GOLDEN, B HANCHARD, AND B BAIN	436
Notes and activities	439
Books	439
The British Society of Gastroenterology	A443

No. 6 JUNE 1980

Ulcerative colitis and pregnancy C P WILLOUGHBY AND S C TRUELOVE	469
Effects of wide variations in portal pressure on mesenteric blood flow and absorption from the canine colon A S GRANDISON, I D HARRISON, AND R SHIELDS	475
Evaluation of colonic myoelectrical activity in health and functional disorders L BUENO, J FIORAMONTI, Y RUCKEBUSCH, J FREXINOS, AND P COULOM	480
Response of the rat small-intestine epithelium to methotrexate J A J M TAMINIAU, D G GALL, AND J R HAMILTON	486
Mucosal damage mediated by clostridial toxin in experimental clindamycin-associated colitis G D ABRAMS, M ALLO, G D RIFKIN, R FEKETY, AND J SILVA, JR	493
Normal patterns of human upper small bowel motor activity recorded by prolonged radiotelemetry D G THOMPSON, D L WINGATE, LORNA ARCHER, M J BENSON, W J GREEN, AND R J HARDY	500
Peripheral blood and mesenteric lymph node lymphocytes in Crohn's disease ELIZABETH R RICHENS, CHRISTINE M THORP, P W BLAND, AND K R GOUGH	507
Intestinal permeability and screening tests for coeliac disease I COBDEN, R ROTHWELL, AND A T R AXON	512
Intestinal absorption in lysinuric protein intolerance J RAJANTIE, O SIMELL, AND J PERHEENTUPA	519
Occurrence and outcome after primary treatment of anal fistulae in Crohn's disease G HELLERS, O BERGSTRAND, S EWERTH, AND B HOLMSTROM	525

Contents

	Page
Relationship of postprandial gastrin serum response to sex, body weight, blood group status, familial dyspepsia, duration, and age of onset of ulcer symptoms in duodenal ulcer S K LAM AND G B ONG	528
Correlation of quantitative changes of gastric mucosal glycoproteins with aspirin-induced gastric damage in rats Y AZUUMI, S OHARA, K ISHIHARA, H OKABE, AND K HOTTA	533
Case reports: Simultaneous cancer of the pancreas occurring in husband and wife L J FERGUSON AND J MCK WATTS	537
Treatment of haemobilia by selective arterial embolisation E A FAGAN, D J ALLISON, V S CHADWICK, AND H J F HODGSON	541
Progress report: Renin-angiotensin-aldosterone system in cirrhosis S P WILKINSON AND ROGER WILLIAMS	545
Notes and activities	555
Books	555

No. 7 JULY 1980

Antibodies to a human liver membrane lipoprotein (LSP) in primary biliary cirrhosis D TSANTOULAS, A PERPERAS, B PORTMANN, A L W F EDDLESTON, AND ROGER WILLIAMS	557
Reduced leucocyte zinc in liver disease P W N KEELING, R B JONES, P J HILTON, AND R P H THOMPSON	561
Changes in brain catecholamine levels in human cirrhotic hepatic encephalopathy G CUILLERET, G POMIER-LAYRARGUES, F PONS, J CADILHAC, AND H MICHEL	565
Prospective comparison of two Sengstaken tubes in the management of patients with variceal haemorrhage K MITCHELL, D B A SILK, AND ROGER WILLIAMS	570
Pectin and complications after gastric surgery: normalisation of postprandial glucose and endocrine responses D J A JENKINS, S R BLOOM, R H ALBUQUERQUE, A R LEEDS, D L SARSON, G L METZ, AND K G M M ALBERTI	574
Metabolism of ^{125}I-labelled trypsin in man: evidence for recirculation G LAKE-BAKAAR, C E RUBIO, S MCKAVANAGH, B J POTTER, AND J A SUMMERFIELD	580
Faecal bile acid concentrations of patients with carcinoma or increased risk of carcinoma in the large bowel D G MUDD, S T D MCKELVEY, W NORWOOD, D T ELMORE, AND A D ROY	587
Rectal mucosal prostaglandin E_2 release and its relation to disease activity, electrical potential difference, and treatment in ulcerative colitis D S RAMPTON, G E SLADEN, AND L J F YOULTEN	591
Dynamic imaging of the stomach by real-time ultrasound—a method for the study of gastric motility S HOLT, W N MCDICKEN, T ANDERSON, I C STEWART, AND R C HEADING	597
Prevention of aspirin-induced faecal blood loss by prostaglandin E_2 M M COHEN, GLADYS CHEUNG, AND D M LYSTER	602
Effect of Nissen fundoplication on competence of the gastro-oesophageal junction R J R GOODALL AND J G TEMPLE	607
Duodenal calcium outputs in health and pancreatic disease P T REGAN, J-R MALAGELADA, AND E P DIMAGNO	614
A new bioassay of VIP: results in watery diarrhoea syndrome M C LABURTHE, C M DUPONT, J D BESSON, M ROUSSET, AND G E ROSSELIN	619
Low serum levels of 1·25-dihydroxyvitamin D and histomorphometric evidence of osteomalacia after jejunoileal bypass for obesity L MOSEKILDE, F MELSEN, I HESSOV, M S CHRISTENSEN, B J LUND, B I LUND, AND O H SØRENSEN	624
Clinical trial: Effect of sulphapyridine, 5-aminosalicylic acid, and placebo in patients with idiopathic proctitis: a study to determine the active therapeutic moiety of sulphasalazine P A M VAN HEES, J H BAKKER, AND J H M VAN TONGEREN	632
Case reports: Association of coeliac disease and inflammatory bowel disease G KITIS, G K T HOLMES, B T COOPER, H THOMPSON, AND R N ALLAN	636
Notes and activities	638
Books	638

No. 8 AUGUST 1980

Defective opsonisation and complement deficiency in serum from patients with fulminant hepatic failure R J WYKE, I A RAJKOVIC, A L W F EDDLESTON, AND ROGER WILLIAMS	643
Possible role of a defect in hepatic bilirubin glucuronidation in the initiation of cholesterol gallstones P DUVALDESTIN, J-L MAHU, J-M METREAU, JOSETTE ARONDEL, ANNE-MARIE PREAUX, AND P BERTHELOT	650
Serum and pancreatic juice carcinoembryonic antigen in pancreatic and biliary disease D L CARR-LOCKE	656
Immunoelectrophoretic studies on human small intestinal brush border proteins: cellular alterations in the levels of brush border enzymes after jejunoileal bypass operation H SKOVBJERG, E GUDMAND-HØYER, O NORÉN, AND H SJÖSTRÖM	662
Treatment of bone disease after jejunoileal bypass for obesity with oral 1α-hydroxyvitamin D_3 JULIET E COMPSTON, L W L HORTON, M F LAKER, A L MERRETT, J S WOODHEAD, J-C GAZET, AND T R E PILKINGTON	669

Page

Lymphocyte subpopulations of intestinal mucosa in inflammatory bowel disease O E EADE, S ST ANDRE-UKENA, C MOULTON, B MACPHERSON, AND W L BEEKEN 675
Effects of salicylate on intestinal absorption: *in vitro* and *in vivo* studies with enterotoxigenic micro-organisms VALERIE BURKE AND M GRACEY 683
Studies on long chain fatty acid: CoA ligase from human small intestine H BIERBACH 689
Gastric, pancreatic, and biliary responses to meals in hyperthyroidism L J MILLER, C OWYANG, J-R MALAGELADA, C A GORMAN, AND V L W GO 695
Faecal bacterial flora in cancer of the colon D VARGO, M MOSKOVITZ, AND M H FLOCH 701
Circulating levels of sulphasalazine and its metabolites and their relation to the clinical efficacy of the drug in ulcerative colitis A K AZAD KHAN AND S C TRUELOVE 706
Diarrhoea after continent ileostomy DARLENE G KELLY, M E BRANON, S F PHILLIPS, AND K A KELLY 711
Technique: Effects of *x*-radiation on fibreoptic endoscopes B STERRY ASHBY AND D A GOODMAN 717
Notes and activities 725
Books 725

No. 9 SEPTEMBER 1980

Mallory bodies—immunohistochemical detection by antisera to unique non-prekeratin components J A MORTON, K A FLEMING, J M TROWELL, AND J O'D MCGEE 727
Weight loss in primary biliary cirrhosis G J BECKETT, N DEWHURST, N D C FINLAYSON, AND I W PERCY-ROBB .. 734
Mitogen responsiveness in viral hepatitis and chronic active hepatitis: the role of reversible suppressive influences C FEIGHERY, J F GREALLY, AND D G WEIR 738
Release of vasoactive intestinal peptide by distension of the proximal stomach in dogs J-A CHAYVIALLE, M MIYATA, P L RAYFORD, AND J C THOMPSON 745
Comparative study with ranitidine and cimetidine on gastric secretion in normal volunteers K-FR SEWING, A BILLIAN, AND H MALCHOW 750
Gastric motility and emptying in normal and post-vagotomy subjects H J SHEINER, M F QUINLAN, AND I J THOMPSON 753
Evidence for the secretion of gastrin into human gastric juice H K HENGELS, J E MULLER, T SCHOLTEN, AND W P FRITSCH 760
Pepsin 1 secretion in chronic peptic ulceration V WALKER AND W H TAYLOR 766
Response of plasma pancreatic and gastrointestinal hormones and growth hormone to oral and intravenous glucose and insulin hypoglycaemia in Chagas's disease R G LONG, R H ALBUQUERQUE, A PRATA, A J BARNES, T E ADRIAN, N D CHRISTOFIDES, AND S R BLOOM 772
Effect of cimetidine and sodium bicarbonate on pancreatic replacement therapy in cystic fibrosis P R DURIE, L BELL, W LINTON, M L COREY, AND G G FORSTNER 778
Increased incidence of faecal coliforms with *in vitro* adhesive and invasive properties in patients with ulcerative colitis R J DICKINSON, S A VARIAN, A T R AXON AND E M COOKE 787
Role of anaerobic bacteria in the metabolic welfare of the colonic mucosa in man W E W ROEDIGER 793
Case reports: Congenital hepatic fibrosis with congenital heart disease Y NAVEH, N ROGIUN, R LUDATSCHER, L AUSLAENDER, A SCHRAMEK, AND M AHARON 799
Obstructive uropathy after pan-proctocolectomy for ulcerative colitis M C WILSON, A R BERRY, T J MCNAIR, AND J W W THOMSON 808
Notes and activites 810
Books 810

No. 10 OCTOBER 1980

Peripheral functional organisation of vagally evoked gastric motor response in the ferret P L R ANDREWS, I N C LAWES, AND A J BOWER 811
NdYAG laser photocoagulation in the dog stomach S G BOWN, P R SALMON, D W STOREY, B M CALDER, D F KELLY, N ADAMS, H PEARSON, AND B M Q WEAVER 818
Atraumatic non-distorting pyloric sphincter pressure studies A J MCSHANE, C O'MORAIN, J R LENNON, J B COAKLEY, AND B G ALTON 826
Comparison of the absorption of two protein hydrolysates and their effects on water and electrolyte movements in the human jejunum P D FAIRCLOUGH, J E HEGARTY, D B A SILK, AND M L CLARK 829
Small erythematous mucosal plaques: an endoscopic sign of Crohn's disease A WATIER, G DEVROEDE, B PEREY, H HADDAD, P MADARNAS, AND P GRAND-MAISON 835
α_1-Antitrypsin-levels and phenotypes in Crohn's disease in the Netherlands E C KLASEN, I BIEMOND, AND IRENE T WETERMAN 840

Contents

	Page
Effect of bile acid perfusion on colonic motor function in patients with the irritable colon syndrome I TAYLOR, P BASU, P HAMMOND, C DARBY, AND M FLYNN	843
Use of oral sodium cromoglycate in persistent diarrhoea T D BOLIN	848
Bacteriological and endotoxin studies in cases of ulcerative colitis submitted to surgery K R PALMER, B I DUERDEN, AND C D HOLDSWORTH	851
Use of piretanide, a new loop diuretic, in cirrhosis with ascites V ARROYO, J BOSCH, R CASAMITJANA, J CABRERA, F RIVERA, AND J RODÉS	855
Protective effects of cholestyramine on liver cirrhosis induced by carbon tetrachloride in the rat K DE HEER, H-D SAUER, B WERNER, AND G KLOEPPEL	860
Clinical monitoring of intracranial pressure in fulminant hepatic failure M A HANID, M DAVIES, P J MELLON, D B A SILK, L STRUNN, J J MCCABE, AND ROGER WILLIAMS	866
Primary sclerosing cholangitis: a review of its clinical features, cholangiography and hepatic histology R W G CHAPMAN, B Å M ARBORGH, J M RHODES, J A SUMMERFIELD, R DICK, P J SCHEUER, AND SHEILA SHERLOCK	870
Different types of smooth muscle antibodies in chronic active hepatitis and primary biliary cirrhosis: their diagnostic and prognostic significance P KURKI, A MIETTINEN, E LINDER, P PIKKARAINEN, M VUORISTO, AND M P SALASPURO	878
Clinical trial: Treatment of distal ulcerative colitis (proctosigmoiditis) in relapse: comparison of hydrocortisone enemas and rectal hydrocortisone foam W S J RUDDELL, R J DICKINSON, M F DIXON, AND A T R AXON	885
Case report: Bile salt transport in the Dubin-Johnson syndrome J G DOUGLAS, G J BECKETT, I W PERCY-ROBB, AND N D C FINLAYSON	890
Notes and activities	894

The British Society of Gastroenterology	A895

No. 11 NOVEMBER 1980

Crohn's disease of the distal ileum CLARE S HIGGENS AND R N ALLAN	933
Immunoglobulin containing cells in inflammatory bowel disease of the colon: a morphometric and immunohistochemical study P C M ROSEKRANS, C J L M MEIJER, A M VAN DER WAL, C J CORNELISSE AND J LINDEMAN	941
α1-Antitrypsin and coeliac disease in Spain E C KLASEN, I POLANCO, I BIEMOND, C VAZQUEZ, AND A S PEÑA	948
Studies on breath methane: the effect of ethnic origins and lactulose PAULINE PITT, K M DE BRUIJN, MADELEINE F BEECHING, E GOLDBERG, AND L M BLENDIS	951
Autoantibodies against liver-specific membrane lipoprotein in acute and chronic liver diseases: studies on organ-, species-, and disease-specificity M MANNS, K-H MEYER ZUM BUSCHENFELDE, AND G HESS	955
Portal hypertension in fulminant viral hepatitis D LEBREC, O NOUEL, J BERNUAU, B RUEFF, AND J P BENHAMOU	962
Treatment of alcohol-related liver disease with (+)-cyanidanol-3: a randomised double-blind trial J C COLMAN, MARSHA Y MORGAN, P J SCHEUER, AND SHEILA SHERLOCK	965
Observations on copper associated protein in childhood liver disease J EVANS, S P NEWMAN, AND S SHERLOCK	970
Perhexiline maleate toxicity on human liver cell lines J Y LE GALL, A GUILLOUZO, D GLAISE, Y DEUGNIER, M MESSNER, AND M BOUREL	977
Demonstration of IgA and secretory component in human hepatocytes SU-MING HSU AND PEI-LING HSU	985
Synthesis of urea after stimulation with amino acids: relation to liver function H VILSTRUP	990
Inhibitory effect of somatostatin on gastric acid secretion and serum gastrin in dogs with and without duodenogastric reflux W E G THOMAS	996
Importance of preabsorptive insulin release on oral glucose tolerance: studies in pancreatic islet transplanted rats E G SIEGEL, E R TRIMBLE, A E RENOLD, AND H R BERTHOUD	1002
Case reports: Adenocarcinoma of the upper small bowel complicating coeliac disease G K T HOLMES, G I DUNN, R COCKEL, AND V S BROOKES	1010
Notes and activities	1016
Books	1016

No. 12 DECEMBER 1980

Allergic proctitis, a clinical and immunopathological entity P C M ROSEKRANS, C J L M MEIJER, A M VAN DER WAL, AND J LINDEMAN	1017
Malignancy in Crohn's disease S N GYDE, P PRIOR, J C MACARTNEY, H THOMPSON, J A H WATERHOUSE, AND R N ALLAN	1024
Complement inhibitors and immunoconglutinins in ulcerative colitis and Crohn's disease B J POTTER, D J C BROWN, A WATSON, AND D P JEWELL	1030
Porcine intestinal adenomatosis: epithelial dysplasia and infiltration L ROBERTS, A C ROWLAND, AND G H K LAWSON	1035

Page

Cell kinetics in the jejunal crypt epithelium in malabsorption syndrome with cow's milk protein intolerance and in coeliac disease of childhood I KOSNAI, P KUITUNEN, E SAVILAHTI, J RAPOLA, AND J KOHEGYI 1041
Nature and extent of histological changes induced by argon laser photocoagulation in canine gastric mucosa D F KELLY, S G BOWN, P R SALMON, B M CALDER, H PEARSON, AND B M Q WEAVER 1047
Fat inhibition of gastric acid secretion in duodenal ulcer patients before and after proximal gastric vagotomy B KIHL AND L OLBE 1056
Serum gastrin in patients with chronic renal failure I L TAYLOR, R A SELLS, R B MCCONNELL, AND G J DOCKRAY 1062
Possible dietary protective factors in relation to the distribution of duodenal ulcer in India and Bangladesh A P JAYARAJ, F I TOVEY, AND C G CLARK 1068
Chemical composition of gallstones resistant to dissolution therapy with chenodeoxycholic acid M J WHITING, V JARVINEN, AND J MCK WATTS 1077
Lack of response to chenodeoxycholic acid in obese and non-obese patients P N MATON, G M MURPHY, AND R H DOWLING 1082
Effects of fasting on the composition of gallbladder bile H M BLOCH, J R THORNTON, K W HEATON 1087
Epidemiology: Gallstones and the risk of cancer A B LOWENFELS 1090
Case reports: Perforation of an adenocarcinoma of the small bowel affected by regional enteritis JENNY HEATHCOTE, C M KNAUER, D OAKES, AND R W R ARCHIBALD 1093
Entamoeba histolytica infection in male homosexuals W R BURNHAM, R S REEVE, AND R FINCH 1097
Notes and activities 1100
Books 1100
General index to volume 21 1101
